

Instructions for submitting comments to the CPUC

For submitting Comments on CPUC Resolution E-4907, please use the CPUC's [Informal Comment Process](#).

Be sure to include in the subject line of your letter and/or email: Agenda ID #16190 ENERGY DIVISION RESOLUTION E-4907 "Registration Process for Community Choice Aggregators"

Write to CPUC – Send CPUC a letter or an email with comments on any proceeding. The Public Advisor routes all comments to the assigned Administrative Law Judge (ALJ) and to the Commissioners' offices. The only downside of this method is that it only goes to the assigned Commissioner and assigned ALJ not all Commissioners. In your letter, request that the Public Advisor forward it on to all Commissioners.

Additionally you can:

Speak at a Voting Meeting – Attend a [Voting Meeting](#) to make comments before all five Commissioners.

Browse CPUC's [online comments page](#) - Give feedback as the CPUC considers issues of statewide public interest.

Attend a Public Participation Hearing - The CPUC often holds Public Participation Hearings in proceedings that will impact consumers. CPUC requires utilities to let consumers know about upcoming public hearings through notices in your bills. Therefore, it is very important to read bill inserts! You can always check the CPUC's [Daily Calendar](#) and follow CPUC on [Twitter](#) and [Facebook](#).
