

## Community Choice Technical/Feasibility Studies and Peer Reviews June 2018

Community Choice Agency	Link to Technical Study	Link to Peer Review	Notes/ Comments
<a href="#">MCE Clean Energy</a> (Marin, Napa, and several cities in Contra Costa and Solano Counties)	<a href="#">Feasibility Study</a> prepared by Navigant Consulting in 2005	No Peer Review	Although there was no peer review conducted for the initial FS, a <a href="#">Business Plan</a> was produced in 2008
<a href="#">Sonoma Clean Power</a> (Sonoma and Mendocino Counties)	<a href="#">Feasibility Study</a> completed by Dalessi Management Consulting (Now Pacific Energy Advisors), October 2011	Peer Review prepared by MRW & Associates, included in the body of the original FS	
<a href="#">Lancaster Choice Energy</a> (City of Lancaster)	<a href="#">Feasibility Report</a> completed in August 2013 by EnerNex and Willdan	No Peer Review	
<a href="#">Peninsula Clean Energy</a> (San Mateo County)	<a href="#">Technical Study</a> completed in September 2015 by Pacific Energy Advisors.	Peer Review completed by MRW & Associates February 2016	
<a href="#">CleanPowerSF</a> (City and County of San Francisco)	<a href="#">Build-out Plan</a> "Local Build-out of Energy Resources of the Community Choice Aggregation Program," prepared by EnerNex, January 2015	No Peer Review	The Community Choice effort in San Francisco was attenuated over about ten years. Many analyses were carried out by multiple agencies, however, no single definitive technical or feasibility study exists, per se
<a href="#">Silicon Valley Clean Energy</a>	<a href="#">Technical Study</a> prepared by Pacific Energy Advisors, November 2015	No Peer Review	

<a href="#">Monterey Bay Community Power</a> (Monterey, Santa Cruz, San Benito Counties)	<a href="#">Technical Study</a> (Executive Summary) prepared by Pacific Energy Advisors, May 2016	Peer Review prepared by MRW & Associates, March 2016	Note: The Technical Study link to the left is only the Executive Summary. For the entire study, see documents published <a href="#">here</a> under “Resources”
<a href="#">Redwood Coast Energy Authority</a> (Humboldt County)	<a href="#">Technical Study</a> completed October 2016, prepared by The Energy Authority	No Peer Review	
<a href="#">Apple Valley Choice Energy</a> (San Bernardino County)	Technical Study prepared by Pacific Energy Advisors	No known Peer Review	Note: Technical Study not yet made available to the public
<a href="#">East Bay Community Energy</a> (Alameda County)	<a href="#">Technical Study</a> prepared by MRW & Associates, Tierra Resource Consultants, and Economic Development Research Group, July 2016 Study	No Peer Review	
<a href="#">Clean Power Alliance</a> (Los Angeles and Ventura Counties)	<a href="#">Feasibility Study</a> prepared by EES Consulting, Inc. in June 2016	<a href="#">Reviewed</a> by ARC Alternatives	This study was written when Clean Power Alliance (CPA) formed as Los Angeles Community Choice Energy (LACCE) which included fewer cities than CPA has now.
